Start Building

Each piece has its own shape and color. Just look at the pictures, find the pieces in your set that match and then connect them together. Try to face your model in the same direction as the instructions while you build. The arrows show you where the parts connect, but not all connections points have arrows. Faded colors show you this section is already built.

Démarre ta Construction

Chaque pièce a sa propre forme et sa propre couleur. Regarde les illustrations, trouve les pièces qui y correspondent et les assemble-les. Pour te faciliter la tâche, oriente le modèle dans le même sens que les instructions. Les flèches indiquent où les pièces s'assemblent, mais les points de raccordement n'ont pas tous des flèches. Les pièces ayant une couleur estompée sont celles déjà assemblées.

Connectors

You can slide these special connectors together. Push tightly until you hear a "click". Pay close attention to the instructions and position them horizontally or vertically exactly as they are shown.

Connecteurs

Tu peux assembler ces connecteurs spéciaux en les faisant glisser l'un dans l'autre. Pousse fort jusqu'à entendre un « clic ». Lis attentivement les instructions et positionne-les horizontalement ou verticalement, en suivant exactement les illustrations.

Spacers

There are places in your model where you need to add spacers. Be sure to use the correct number of spacers shown in the instructions.

Séparateurs

Il y a des endroits sur le modèle où des séparateurs sont nécessaires. Assure-toi d'utiliser la bonne nombre de séparateurs, comme indiqué sur les instructions.

Chain

Be sure to attach all the chain links in the same direction.

Chaîne

Assure-toi de fixer tous les maillons de la chaîne dans le même sens.
