Once the clip is loaded and “clicks” in place, DO NOT PULL TRIGGER UNTIL TURNED ON!

Tips and Troubleshooting

If the motor is not working properly:

- Check to see if you have fresh batteries and that they are installed correctly.
- Make sure the clip “clicks” into place or the motor won’t turn on.

- Check to see if dart is stuck in blaster.

- If it is still not working, call our Consumer Hotline at 1-800-KID-KNEX (USA and Canada only). See the back cover of the instructions book for other ways to contact K’NEX.

If a dart is stuck in the blaster:

- Make sure the motor is turned off. Remove the clip and turn the model over. Carefully remove the dart by hand.
